REMINDER OF SOME RULES

Dear travelers, following some bad experiences, we allow ourselves to remind you that we are not hotel professionals with all the services in this profession.

We are individuals who put at your disposal an accommodation without additional paid services but with a maximum of equipment for your comfort.

Included in our offer (in the Airbnb rate) is Studio type accommodation, bed linen for a single double bed (sofa bed), bath linen for two people, and linen (tea towel and hand towel).

Therefore we ask you to read the "Internal Regulations" sheet, available in the accommodation, in order to apply the few rules that we ask you to respect.

The cleaning must be imperatively and correctly done before your departure, sanitary and shower included (vacuum cleaner and cleaning kit at your disposal in the various closets), whether your stay is one night or several nights. The accommodation must be returned to us as propre as you had the pleasure of finding it, the objects and utensils put back in their place. Superficial cleaning will not be accepted.

The bins (kitchen and bathroom) must be taken out at the end of your stay as indicated on the sheets "Internal Regulations", "Bins and Selective Sorting" and "Selective Sorting". Thank you for contributing to the preservation of our environment by respecting the sorting instructions.

Bed linen (fitted sheet, duvet cover, and pillowcases), linen (tea towels, hand towel) and towels and bath mats, placed in the laundry basket located on the washing machine on the ground floor.

Thank you for your understanding.

Alexandra & Ludovic

As a reminder:

- it is forbidden to smoke and vape in the studio and inside the building
- it is forbidden to go up to the studio with your shoes
- it is forbidden to move the furniture

Thank you to our kind travelers for respecting these instructions.
